Hello

Thank you for your email.

My suggestion for the Douglas fur at the front would be 20% reduction and removal of the limb overhanging the top window.

The silver birch can be reduced down by 2.5m from top, just above the split in the branches and the lower branch removed

I'm attaching a few pictures.

I look forward to hearing from you.

Regards,

Billie Regnier

Dear Billie Regnier

Thank you for your tree works application at the above address.

Please confirm the amount of reduction you would like to carry out on the Birch in the rear garden. Also provide works specification (and amount of reduction, thinning etc... if relevant) for the Pine tree in the front garden as this has not been provided in your application.

Many thanks

Matthias Gentet
