From Peter Bruggen, 21 Mackeson Road, N2W3 2LU

TO patrik.marfleet@camden.govc.uk CAMDEN PLANNING DEPARTMENT

08 January 2016

Dear Mr Marfleet

PLANNING APPLICATION 2015/6501/P

23 A MACKESON ROAD

I object to this planning application, very vaguely described as a 'rear extension' , to the apartment next door.

A month ago, my wife, Joan Bruggen, made an objection on Camden's web form and this was acknowledged.

Today, I spoke to Courtney, of your department, who knew no more; and from the new owners we learn no more than 'an extension'.

FIRST. I believe this is the last date on which to register an objection but how can we do so when we have no information about the position or dimensions of the proposal? I feel that this a serious administration error. Either you have the plans and have failed to put

them on the website, as you are obliged to; or you do not have them and therefore cannot take the case to the planning committee for a decision on an unspecified extension.

If as we fear, the extension will be to the side of the flat, we will lose light and privacy and will have a blank wall 1.23 metres from the kitchen/dining room.

SECOND. We have recently come through well nigh a year of building on the other side of our house from 19 Mackeson Road. We now fear having to face the same on the number 23 side. You may not know but extremely noisy drilling started in 23 Mackeson Road, without our being informed. Such noisy work continued on the Saturday morning and Sunday before neighbours objected.

Yours sincerely Peter Bruggen, 21 Mackeson Road
