| 2015/6931/P | Graham Wason | 6 Quadrant Grove London | 21/01/2016 17:24:30 | COMMNT | I was refused an application for a rear-facing roof terrace very close to this one, on the grounds that it could lead to disturbance to neighbours. There is already noise in this area and it will be increased if a roof terrace is allowed. |
