The Council has considered your application and decided to **refuse** advertisement consent for the following reason(s):

Reason(s) for Refusal

1 Reason for Refusal

The internally illuminated digital screen by reason of its location, size and design, would be unduly dominant and visually obtrusive in the street scene, failing to preserve and enhance the character and appearance of the Bloomsbury Conservation Area with a detrimental impact on highway safety contrary to policies CS5 (Managing the impact of growth and development) and CS14 (Promoting high

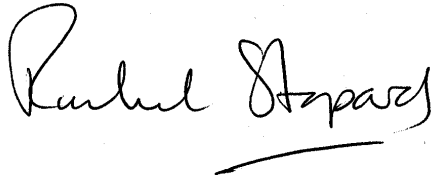

quality places and conserving our heritage) of the London Borough of Camden Local Development Framework Core Strategy; DP21 (Development connecting to the highway network), DP24 (Securing high quality design) and DP25 (Conserving Camden's Heritage) of the London Borough of Camden Local Development Framework Development Policies.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
