Drawing Nos: SU.01, GA.01, GA.02, GA.03, Location Plan, Design & Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans SU.01, GA.01, GA.02, GA.03, Location Plan, Design & Access Statement.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 4 The outbuilding hereby approved shall only be used for purposes incidental to the residential use of Flat 1, 68 Compayne Gardens and shall not be used as a separate independent Class C3 dwelling.

Reason: To ensure that the outbuilding does not adversely affect the amenity of adjoining residential premises and is not used for unauthorised purposes, in accordance with policies CS1 (Distribution of growth), CS5 (Managing the impact of growth and development), CS6 (Providing quality homes), DP2 (Making full use of Camden's capacity for housing), DP5 (Homes of different sizes), DP6 (Lifetime homes and wheelchair homes) and DP26 (Managing the impact of development on occupiers and neighbours) of the London Borough of Camden Local Development Framework Core Strategy.

Informative(s):

- 1 Reasons for granting permission.

The proposed development would match the design and proportions of the existing timber outbuilding at the site which was granted permission in 2005 (2005/0518/P) and is considered not to have a significant impact on the character of the host dwelling or the appearance of the surrounding conservation area.

Approximately 260sqm of rear garden space would be retained following construction of the proposed timber structure which is considered sufficient for the occupiers of the ground floor flat.

The proposed works are not considered to have a harmful impact on the amenity of any adjoining occupiers in terms of loss of light, outlook or privacy.

No objections and one letter of support were received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the

Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
