Attn Ian Gracie.

Dear Ian Gracie,
I have a couple of questions about application 2015/6330/P at 22 Prince of Wales Road before I send my comments.

Does this application also need a change of use application, or is that considered separately?

The building is in the Inkerman Conservation Area, and this application includes knocking down the front wall and moving it back by 1.2 metres, thereby destroying the historic shape of the Victorian building. Does this also need a separate application?

Yours sincerely,
Adam Leys
55 Willes Road NW5 3DN
