Dear Raymond

I wish to register my objection to the above application to build a basement in our adjoining street, at 24 Quadrant Grove, NW5 4JN, on the grounds of it's likely impact on the street, parking, noise, dirt, and the knock on effect of others following suit. I believe the street will cease to be a pleasant place to live in. Parking will become very difficult, the noise and the dirt will be awful. It will be difficult for dustcarts, emergency and other delivery vehicles to get access to our homes.

Yours sincerely
