2015/3148/P	Lee Bogush	7C Blackburn road West Hampstead London	28/01/2016 12:46:29	OBJ	<p data-bbox="1102 130 2101 188">Discussing, we've already had over 5 years of works on blackburn road, yet another planning order, hold your heads in shame, money money money, this is what 2016 looks like.</p> <p data-bbox="1102 226 2101 507">West Hampstead square, builders depot, accurist watches new build and also the student building, and rear of number 3 blackburn road, plus the obviously 6-7 times road works that have been done a year - all these are works that have gone on in the last 5 years plus the railways that do work on the weekends throughout the night, also the taxi cabs use this road all day and all night so its always busy and now this, what about our well being, no one ever enforces anything after the planning has gone though, early starts / noise / disrespectful staff, engines on reversing noise,no ones at the council care's about what happens to the neighbours, or whats happens on blackburn road every day, the proof is in the fact we've complained so many times about all of the above and NOTHING gets done, most of time the council just pass the buck to someone else.</p> <p data-bbox="1102 545 1935 568">Construction scheme is a massive joke - THEY DONT DO ANYTHING, NOR CARE.</p> <p data-bbox="1102 606 1500 628">I'm sure this wont be heard as per normal.</p>
