Hi Sylvie,

I was just wondering if you have managed to speak with the client and agree how you would like to progress with the above submission?

As previously discussed at present we are mindful to refuse the current submission and I need to submit my report this week.

If you would like to submit a revised scheme, the application will need to be shown to members prior to any formal decision due to the number of objection comments received.

Therefore if you would like to amend the scheme I would need the drawings by close of business tomorrow if a decision is to be made within the target date.

Please let me know if you would prefer to leave the scheme as is, submit amended drawings or withdraw the application.

Kind regards,

John Diver

Hi Sylvie,

That is strange – I will ask IT to check if there are any problems with our network.
Yesterday I received the consultee comments from Conservation Officers and this morning they have come through from Highways as well and so I am now in a position to update you on the assessment. I have to leave the office for a site visit now but will be back in in a few hours, will you be available to discuss the application this afternoon?
