The comment date on this application has just passed so I'm hoping you will accept the comments from the Bloomsbury Conservation Area Advisory Committee by email.

These 3 units should remain in commercial use. It's a main road – good for commercial but undesirable to live on. Residents might have cars that would add to congestion on the roads and parking problems in the side streets. The units are very small so the accommodation would be constrained and unlikely to be occupied by owners, so the frontages, on this main road, might become dirty and run-down.
