

PETITION PRESENTED TO CAMDEN COUNCIL

IN SUPPORT OF

THE CENTRAL SOMERS TOWN COMMUNITY INVESTMENT PROGRAMME PROPOSALS

14th December 2015

We the undersigned **762** live, work and study in Somers Town and environs register our support for the proposed Central Somers Town Community Investment Programme. This provides for the long needed rebuilding of three important facilities for Somers Town's children: St Aloysius Nursery School, Plot 10 Community Play Project and Edith Neville Primary School.

The scheme will also upgrade public realm that is unsafe and feels dangerous to those who live and work here. This will make a significant difference to Purchase Park, Charrington Street, Polygon Road and Polygon Open Space where unsocial and dangerous behaviour currently make residents afraid to spend time outside.

This project is needed urgently, and we want it to go through without delay.
