Please consider the environment before printing this email. dear mr whittingham, i live at 12 eldon grove, and i am very concerned about the large planned basement at no. 10, and the structural problems it may cause in the area. this is apart from the inconvenience over the next year, but i feel the main problem is the damage it may do to the surrounding ground. i would be grateful if you would confirm receipt of this objection. yours sincerely stephanie vogl.....
