Planning Officer
Mr. James Clark
London Borough of Camden
LONDON
WC1H 9QE

Dear Mr Clark,

Please find enclosed my two
objections for Planning Application
Ref: 2015/6218/P & 2015/6231/P

I posted my objection to
Application 2015/6218/P on 18 Dec 2015.
As my comments do not appear
on the Application Records on
your website with everyone else, I
can only assume it has gone
wrong.

With kind regards

Mrs Lesley David

Planning Officer,
Mr James Clark,
London Borough of Camden,
Town Hall,
Judd Street,
London WC1H 9TE

Dear Sir,

APPLICATION Ref 2015/6231/P
Garages Adjacent to 25B & 25E Frognal & Rear
Of Meridan House Finchley Road NW3 6BJ
To be Demolised and replaced with a three bedroom Property

I object to the above planning application. This Objection bears some relation to my objection to **Application 2015/6218/P**.

In this instance the above application increases the number of houses on this small space to four properties in a Conservation Area which will cause overdevelopment.

The development of four family homes will also generate more traffic and parking problems in Frognal which is already congested.

Yours faithfully

Lesley David.

Dear Mr James,

I am writing to object in the strongest terms against the above application.

Firstly we will be negatively affected by the construction activities.

I object to the permanent loss of green environment overlooked by our building which is currently a haven of mature trees and cared for gardens.

We will also see increased traffic entering and leaving the access road which suffers from restricted view at its entrance. The traffic has already increased noticeably since recent dwellings were erected here.

I am very concerned to let my children use the pavement on this side of the road as a result. It is particularly dangerous for pedestrians as cars approach the exit at speed and have to block the pavement while looking up and down Frognal. Owing to the walls of the adjoining gardens restricting the view at the junction, the drivers have to push their front wheels and bonnets over the pavement – often at speed – before they are able to get a clear view of pedestrians using the pavement. Pedestrians include literally dozens of children passing throughout the day as Frognal is used in both directions to access the numerous schools, kindergardents, nurseries and tutors that lie within a quarter mile radius of this exit. There are also many elderly people regularly walking up and down this part of Frognal.

Please do not hesitate to contact me if you have any questions on [REDACTED]
[REDACTED] I look forward to hearing from you in due course.

Yours sincerely,

Joseph Murat
