**Subject:** Additional objection to planning application 2015/6218/P, attention James Clark

Dear Mr Clark,

I am writing in my personal capacity as a resident at 22B Lindfield Gardens to object to this planning application. I hope that you will be able to still take this objection into consideration and I apologise for submitting this after the formal consultation period for this applications finished at the beginning of this month.

I oppose the loss of undeveloped green space in our local conservation area. I am in favour of developments which increase the accommodation in the existing built footprint of our neighbourhood but not ones which mean loss of greenspace and trees. I think this will have a negative impact on neighbours and the wildlife in our area.

I also believe that this site is not well suited to development as it has a dangerous and limited narrow access route and no provision for parking which would put a burden on the already limited street based parking in our neighbourhood.

Thank you for the consideration of this message and my personal objection to this application.

Best regards,  
Christine Rowley
