Attached a revised Floors plan and Elevations with some variations of the Condition 4 of Planning Approval Ref: 2013/2993/P:

1. Entrance to North Staircase—shifting the entrance closer to the building entrance which creates a bigger lobby for the residential part of the building of 5No flats. Also providing better separation for and reducing of persons traffic in the courtyard to the office space at the ground floor and part of 1st floor. The proposed residential bicycles stand is shifted to a secure space. In addition we created a rubbish collection space and storage spaces;
2. Introducing lift (lift well approx. size 1500x 1470mm) for the residential part of the building adjacent to the North Staircase, internal element and does not travel above second floor slab;
3. Increasing the size of existing conference room and separating from the residential part and attaching it to the commercial part of the building by creating an opening to the South Staircase;
4. Changing the approved Privacy Glass Screens standing at the front of the court yard windows (North, East, South and West Elevations) to metal mesh fins located mainly at a right (90 degree) angle to the face of the courtyard's windows;
5. Eliminating the top glassing horizontal panel at the courtyard's windows;
6. Adding metal mesh balustrade at Level 3 North/West terrace painted to match the existing metal balustrade at Level 3 South/West terrace;
