

Dear Sir/Madam,

I have decided after much thought to withdraw my opposition to the planning application for 59 Camden Mews. So many of the houses in the this part of the Mews have applications for planning permission. The applications are for similar heights, I therefore, believe that the change of this house from a two storey to a three storey house will soon be the norm. Also, the windows do not give the present occupants much privacy. A more sympathetic house design that could give the occupants natural light and outside views, instead of multiple blinds is necessary.

Yours sincerely,
Ms A. Alura
