

Dear sir or madam,

we received a notice of planning permission to the next door hotel 16-18 Argyle square.

I disagree about any major work to be carried at the above mentioned property specially extending a wider rear with new terrace
this is will involve much construction work digging the floor and building walls and concrete base and foundation.

we are next door hotel , we have 35 rooms and the amount of noise we will face , will harm our business for sure,
we already started to have some clients complaints
from the noise every day we face for the current interior decoration work at the above mentioned property .

so I totally disagree about extending his rear , but I agree for his interior work to be done .

John Girgis
hotel manager
