 Maps based on Ordnance Survey MasterMap or 1:25000 Mid-scale data

Hedge & tree to be felled and removed.

Heras protection to be positioned around magnolia. Arrange as best as possible over level changes.

Heras tree protection (back braced).

Ground protection along entranceway (TERRAM).

Heras tree protection without back bracing.

Potential storage areas. Including ground protection on lawn.

Existing guest house to be retained.

Non-permeable geotextile membrane separating piles from soil.

Tall metal fence between garden & drive to be used as substitute for Heras.
