H. FULL STATEMENT OF CASE

The full statement of case is set out in

☒ the box below

Contrary to Camden's reason for refusal, the extension is small and represents an inconsequential alteration to the profile of the building.

It is noted that there are significantly large and visually intrusive schemes currently being built, next to Flat 14 and immediately across the road, which have received consent, under the same Conservation Area policy quoted as a reason for refusal. In comparison to these other schemes, the proposal is insignificant and will blend into the existing roof form, which in its current form has many modulations and variety already.

There is no suggestion that the Council has sought to work with the applicant in a positive way. It is however noted that when initially consulted and referencing Google Earth, the planning officer's first impression was favourable.

(a) Do you intend to submit a planning obligation (a section 106 agreement or a unilateral undertaking) with this appeal?
