- 1 Reasons for granting permission.

The proposed signs are considered acceptable in terms of design, size and type of illumination and are considered to be in keeping with the character and appearance of the host building and signage in the surrounding area.

The signs do not obscure any architectural features. The signs will be non-illuminated which is in line with Camden planning guidance, and the location of the proposed signage is not considered harmful to neighbouring amenity. The proposal raises no public safety concerns nor would it be harmful to either pedestrian or vehicular safety.

The site's planning history and relevant appeals have been taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

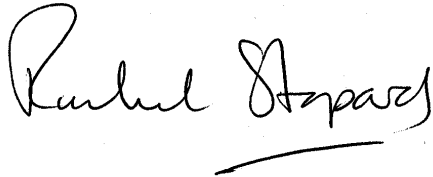

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25, and DP26 of the London Borough of Camden Local Development Framework Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of The London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56-68, and 126-141 of the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
