2016/0438/T	Shelley Green	115 West End Lane	14/02/2016 16:08:18	OBJ	<p>I strongly object to this application for removing this beautiful tree. It is clear from previous applications this landlord is desperate to have this tree removed yet there appears to be no reasonable basis other than commercial and aesthetic desire. This tree has stood for decades and its beauty should be respected, not deleted. It is far from being diseased or dying, and it is a source of nesting for local birds and squirrels. The landlord has a front and rear garden yet does not appear to respect that this property is in a conservation area as he has put gravel in the front garden and painted the now concreted rear garden. The surrounding area of West Hampstead is beautiful because of the trees allowed to flourish along West End Lane, not because Landlords are allowed to obliterate nature for the sake of their profits, bit by bit. The cherry tree to the side of this same property was removed by the council only a few months ago, having stood for at least 30 years. Coincidence? Perhaps.</p>
