2015/7255/P	M Putica	115a Priory Road 115 Priory Rd	12/02/2016 11:19:06	COMMNT	<p>Dear Kate,</p> <p>Further to our recent comments we are very disappointed that applicat has not revised drawings to reduce size od proposed extansion.</p> <p>I requested him personally to reduce depth and height to match existing extension and line up with our recently approved built extension and conservatory,</p> <p>We at 115a and 115 Priory Rd object to proposal as its not in keeping with architectural character and buildings locally in this conservation area,It doesnot comly with councils design guide,</p> <p>Its oversized in height and depth and must be revised, It will have adverse effect to our property and neighbours,</p> <p>Ther is no reason what soever to prpose such a ladge extension as size of existing extension is large enough and taken all space allowe by planning law.</p> <p>Please keep us posted</p> <p>regards</p> <p>Mr & Mrs M Putica</p> <p>115a 1ns 115 Priory rd</p>
