I am absolutely against the 25 storey tower block; it is hideous. It is not in tune with the architecture of the area. The new buildings on the park are taking away the character of Somers Town.</p> <p>You are saying this is necessary to improve schools that already have been paid for by our taxes, in that case we should have the right to see the accounts.</p> <p>When I go to St Pancras I walk through the park. The foliage blocks out the sound, makes the park quiet. The park is a space of contemplation. We need open space in Somers Town. We need local parks. Regents Park is a national park and 20 minutes' walk away.</p>
2015/2704/P	Tina-Marie Simba-Masozera	49 Crowndale Court London NW1 1TY	16/02/2016 18:39:49	OBJ	<p>Somers Town is the only place in this area that still has domestication. We are 3 minutes from Camden but when you come here you feel its home. Our children and the elderly have nowhere to walk or to have a quiet place. I am against commercial properties in Somers Town. We have very few parks remaining and we need to save them. It is a polluted area very close to four big stations and we need the trees and the existing parks. Already we have a high transitory population and the 25 tower block will make it worse.</p>
