Subject. Objection to Planning Application No. 2015/4993/P

Dear Sir/Madam

I am writing as the leaseholder of flat C, 12 Iverson Road, London NW6 2HE.

I strongly object to the revised plans that have been submitted to Camden for the above works to the Brondes Age Pub, 328 Kilburn High Road, particularly the installation of a rooftop terrace.

I do not feel that the noise impact assessment that has been carried out takes into account the full impact of the noise increase which would occur in reality.
The rooftop terrace would result in an unacceptable increase in noise levels which would cause disturbance in the evenings when trying to sleep and also devalue my property.

Even now, on days when the bars and pubs on Kilburn High Road are busy, noise is at a high level. An open rooftop terrace would make noise levels intolerable.

Please consider this as my objection to the revised planning application

Yours sincerely

Linda Glancy
