**Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.
 Town and Country Planning Act 1990**

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

1. Applicant Name, Address and Contact Details

Title: First name: Surname:

Company name:

Street address:

Town/City:

County:

Country:

Postcode:

Telephone number:

Country Code	National Number	Extension Number
<input type="text"/>	<input type="text"/>	<input type="text"/>

Mobile number:

<input type="text"/>	<input type="text"/>
----------------------	----------------------

Fax number:

<input type="text"/>	<input type="text"/>
----------------------	----------------------

Email address:

Are you an agent acting on behalf of the applicant? Yes No

2. Agent Name, Address and Contact Details

Title: First Name: Surname:

Company name:

Street address:

Town/City:

County:

Country:

Postcode:

Telephone number:

Country Code	National Number	Extension Number
<input type="text"/>	0191 432 9560	<input type="text"/>

Mobile number:

<input type="text"/>	<input type="text"/>
----------------------	----------------------

Fax number:

<input type="text"/>	<input type="text"/>
----------------------	----------------------

Email address:

3. Trees Location

Please provide the address of the site where the tree(s) stands (full address if possible):

House: Suffix:

House name:

Street address:

Town/City:

County:

Postcode:

Description:

If the location is unclear or there is not a full postal address, either describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road') or provide an Ordnance Survey grid reference:

4. Trees Ownership

Is the applicant the owner of the tree(s)? Yes No

If No, please provide the address of the owner (if known and if different from the tree location):

Title: First name: Surname:

House: Suffix:

Company name:

House Name:

Street Address:

Town/City:

County:

Country:

Postcode:

Telephone number:

Mobile number:

Fax number:

Email address:

5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO? Yes No

Are you wishing to carry out works to tree(s) in a conservation area? Yes No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

T1 – Oak
Works: REDUCE CROWN BY 1.5m – 2.0m leaving balanced crown
Reason: The property is suffering movement/damage identified by engineers as being due to clay shrinkage subsidence. Oak roots have been recovered from below the foundations in a plastic clay soil of high plasticity/volume change potential which from the soil test results were found to be desiccated. The level monitoring shows cyclical movement with both an uplift and subsidence phase consistent with seasonal vegetation influence on soil volumes. The uplift phase can only be related to expansion of the clay subsoil from a desiccated state confirming the cause of damage as vegetation induced clay shrinkage subsidence. Whilst the subject tree is located on the opposite of the road, the evidence establishes its role in the damage. Due to the size and
The council have refused consent for removal (Application Ref: 2015/6169/T). The proposed reduction, whilst not a predictable solution, offers the potential for soil volume changes to be reduced to tolerable levels which will be assessed by level monitoring.
The proposed reduction maintains the amenity benefits of the tree and is a reasonable approach in attempting to prevent progressive damage to the subject property.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

Yes No

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives.

If YES, you are required to provide for:

Yes No

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing additional information in support of your application?

Yes No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application:

Crawford Technical Report 30.04.2015
Crawford Addendum Report
CET Site Investigation and Laboratory Report 28.05.2015
MWA Arboricultural Report
Level Monitoring 29.05.2015 – 24.11.2015

9. Authority Employee/Member

With respect to the Authority, I am:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

Do any of these statements apply to you?

Yes No

10. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

Date:

11/02/2016
