

Oakhill Park, Hampstead

Tree Wo

Tree/ Tag No.	Species	Height (m)	Stem Diam. at 1.5m (mm)	Crown Spread (m)	Age Class	Phys. Cond.	Condition	Management Recommendations 2015	Estimated Remaining Contribution (years)	BS 5837 Category Grading
G499	Sycamore, Beech, Lime, Holly, Willow			0	Mature	Good	Tagged Sycamore stem has cambial wound exposing decayed heartwood. Showing good overall form and vigour. 2015: Tagged Sycamore has extensive cavity from 1.6-2.3m.	Remove tagged Sycamore.	20-40	C
T509	Horse chestnut	17	350	9	Mature	Good	Partially ivy clad. Minor infection from leaf miner. 2015: Main stem dog legs towards road.	Reduce crown by 15%, aiming to reduce weight on main stem, but minimizing size of pruning wounds.	20-40	B
T523a	Horse chestnut	4	1200	3	Over mature	Poor	Recently reduced to 3m, but regrowth starting. 2015: Future risk of stem collapsing into path.	Reduce to ground level.	<10	U
G524	Lime X 5	11-21		9	Mature	Good	Prolific basal suckering. Ivy clad.	Remove basal growth.	20-40	B
T530a	Elm	8	100	4	Young	Fair	Leaning over path and against fencing.	Remove.	<10	U
G531	Sycamore x 2	15	500	10	Mature	Good	Multi-stemmed. Mature basal suckering. Showing good overall form and vigour.	Remove basal growth.	>40	B
T532	Sycamore	14	300	11	Mature	Good	Tertiary lateral at approx 7m above ground level has failed due to bark stripping.	Remove lowest two lateral branches over drive.	20-40	B
T536	Yew	9	250	7	Over mature	Fair	Ground compaction, resulting in dieback in mid-crown.	Lift crown to provide 3m clearance over drive.	20-40	C
T539	Yew	12	250	8	Mature	Good	Bifurcates at approx. 6m. Showing good overall form and vigour.	Remove lower branches to provide 3.5m ground clearance over drive.	>40	B
T543	Oak	14	400	11	Mature	Good	Showing good overall form and vigour.	Remove low hanging branches to provide 3m ground clearance over garden.	>40	B
T544	Oak	14	450	11	Mature	Good	Showing good overall form and vigour.	Remove low hanging branches to provide 3m ground clearance over garden.	>40	B
T549	Spanish chestnut	18	650	10	Mature	good	Small amount of aerial deadwood. Showing good overall form and vigour.	Minor pruning to provide 3m ground clearance.	20-40	B
T555	Sycamore	15.5	400	14	Mature	Good	2014: Tag 0002 Major lateral to south from 3m beginning to shade out lawn.	Reduce crown by 15%.	20-40	B
T558	Cedar	16	450	9	Early mature	Good	2014: Good form and structure, but becoming over large for location.	Reduce crown by 20%.	>40	A
T561	Ash	5	90		Young	Good	2015: 3 way fork at one metre. Low quality young tree growing immediately adjacent to retaining wall - could cause future structural problems.	Remove.	10-20	C
