Your comments on the planning application

I am questioning the planning permission for a rear extension at lower ground level including alterations to the existing balcony and staircase.
There is very little space in the three gardens of 2 Fellows Road and 2 and 3 Steeles Road. At 2 Steeles Road I have suffered greatly from both 1 and 3 Steeles Road over the past 10 years. There is blatant disregard for our health and damage to the council's property. I need to know how high this building will be and what will be the extent of continual drilling banging and other assorted building noise and pollutants. I need to know further details. How high how big
