Dear Sir / Madam,

**The Lighterman, 3 Granary Square, N1C 4AB  
Application for advertisement consent**

On behalf of Open House London Ltd I submit an application for advertisement consent for the above property.

Submitted via the planning portal are

- Application form
- Elevation drawings and detailed drawings

Informal advice for the proposed signs was sought from Camden Council. On 30<sup>th</sup> November 2015 the Council's Planning Officer, Jenna Litherland, wrote (by email)

*"The signage proposed likely to be considered acceptable. Whilst it would be above fascia level, it would be relatively discrete and complies with guidance in all other respects. I would suggest submitting an application".*

I look forward to your confirmation of receipt and validation.

Yours faithfully

Joe Haines
