25th February 2016

Dear Ms Whitteridge,

2016/0352/P - Unit 2000, Regis Road, London NW5 3EW

I enclose the first floor plans outlining the situation of our call centre. We are a business to business courier and taxi Company and our premises are not used for any walk in trade. The building will be used as a call centre and HQ for the company. The call centre is situated on the first floor and there is no access for the public. There is no onsite parking for any of our subcontractors. We have one collection a day for parcels going out via our overnight service between 6pm and 630pm. This collection is done by a small transit van.

We would require one sign Creative Cars and Couriers Ltd. We would not be advertising a minicab service we provide mostly high end vehicles for our Film and TV Clients.

Thank you for your consideration

Best regards

Lisa Byrne

CEO
