Drawing Nos: 2032(PLA)001; 2032(PLA)002A; 2032(PLA)101A; 2032(PLA)102A;
2032(PLA)201_202; 2032(PLA)103A; 2032(PLA)200A; 2032(EXI)201_202A;
2032(EXI)300; 2032(PLA)300A; 2032(PLA)400A; Daylight & Sunlight Study; & Design and
Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 2032(PLA)001; 2032(PLA)002A; 2032(PLA)101A; 2032(PLA)102A; 2032(PLA)201_202; 2032(PLA)103A; 2032(PLA)200A; 2032(EXI)201_202A; 2032(EXI)300; 2032(PLA)300A; 2032(PLA)400A; Daylight & Sunlight Study; & Design and Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 4 Full details in respect of the green roof in the area indicated on the approved roof plan shall be submitted to and approved by the local planning authority before the relevant part of the development commences. These works shall be permanently retained and maintained thereafter.

Reason: In order to ensure the development undertakes reasonable measures to take account of biodiversity and the water environment in accordance with policies CS13, CS15 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting permission:

The proposed extension is subordinate in scale to the host building and of an acceptable design by virtue of its size and materials, which would preserve the character and appearance of the building and the surrounding conservation area. Due to its size and location, the extension with terrace would not result in any significant harm to the amenity of any adjoining residential occupiers in terms of loss of outlook, light or privacy.

Whilst the development will have some impact in terms of incorporating a new storey to the back-addition of the building, such extension is located at the rear and set one full storey below eaves level and therefore it is not considered harmful to the character or appearance of the host building, the street scene or this part of the Hampstead Conservation Area.

An objection has been received and duly taken into consideration. The site's planning history and relevant appeal decisions were taken into account when

coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015; and paragraphs 14, 17, and 56 -66 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
