

ROOF PLAN

NOTES:

This drawing is based on the following architectural drawings: 1489-101-106 and is to be read in conjunction with Rushmoor Engineering section drawings.

GENERAL ARRANGEMENT LAYOUT NOTES:

Dotted hatched areas denote locations of internal load bearing walls - masonry support walls to foundation to be provided at these areas and all external and party wall locations.

Diagonal hatched areas denote door openings.

GENERAL NOTES:

This drawing is applicable to manufacturers supply items only. All dimensions are subject to approval. This drawing is applicable to structural timber frame items only. All detailing of the substructure, external envelope including cladding, joinery, curtain walling, roof covering, balconies, cavity barriers, fire stopping, plasterboard, insulation, floating floors, drainage and services by others. No timber frame components to be cut, drilled or otherwise modified without prior consultation with the timber frame engineer.

- DENOTES INTERNAL DOOR
- DENOTES EXTERNAL DOOR
