Hi John,

We have been issued with some useful documents regarding the above property from Bedford Estates.

Please see attached, the document dated 1988 stating that 12 Gower Mews is unlisted.

I have also attached the drawing for the installation of the current garage doors dated 1993.

We will seek to preserve the character of the mews as per our planning submission, we will therefore incorporate the hook and band hinges in the door design.

Kind regards

Marian Twenefoo
