Re: Planning Ref - PP-04876723

Please find enclosed a plan of the garden and one photo of the Hawthorn tree which features in the application for works to a tree in a conservation area.

As you can see, the tree covered in creeper and prevents repair to the garden walls. We would like to remove the tree. Please can you contact me if you have any questions about the application or if you need further information?

Best wishes,

Hannah Khiani

Tree works: 19 Arlington Road: Rear Garden Site Plan

Total Garden Area: 17ft wide x 80 ft long.
