	13. Biodiversity and Geological Conservation										
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.											
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:											
a) Protected and priority species											
○ Yes, on the development site ○ Yes, on land adjacent to or near the proposed development ● No											
b) Designated sites, important habitats or other biodiversity features											
Yes, on the development site Yes, on land adjacent to or near the proposed development No 											
c) Features of geological conservation importance											
Yes, on the development site Yes, on land adjacent to or near the proposed development No											
14. Existing Use											
Please describe the current	use of the	site:									
2 self contained flats (C3) Is the site currently vacant?			Yes	No							
Does the proposal involve		following?									
If yes, you will need to subr	nit an appi	ropriate co		-		pplication.					
Land which is known to be			O	Yes () No						
Land where contamination	-		-		0	Yes (No		N			
A proposed use that would	be particu	llarly vulne	erable to t	ne presen	ce of contaminati	on?	Yes (•	NO
