Hi Josleen,

Thanks for the email.

Obviously my main concern is that the height of the bridge is directly at eye level with the main bedroom window and very close.

This is a bit pervy.

Thanks,

Nicola

Dear Nicola,

I am writing in relation to the Reserved Matters Planning Application that has been submitted to the Council in relation to the construction of Camley Bridge.

I understand you were involved in the pre-application discussions with Argent on the development of the proposals. As the application has now been submitted I was wondering whether you were happy with the final proposals or if you had any comments to make as I don't appear to have received anything from you in response to the consultation.

The planning reference number is 2016/0288/P and is available to view on our website.

Please let me know whether you have any comments to make.

Many thanks
