Your comments on the planning application

I strongly object to the planning application made by the hotel. 1) Demolition and rebuilding of 4th and 5th floors. Additional floors were built in 2005/6 even though I objected to the construction. The occupants of 32 Gloucester Street were informed that there would be minimal disruption. However building works were going on day and night. I was unable to sleep and at times had to go to the front of the building and complain to the front the desk of the hotel. in addition the building works has reduced light to the back garden (rare in London). The works generated a disturbance to the rats and we had problems with rats for

over 3 months which the tenants at 32 Gloucester Street had to deal with. I fail to understand why after only ten years of completion the works need to be done again. Can you explain?

2) Addition floors joining building and relocation of plant. The additional buildings will not completely block light into the garden and homes, will generate more noise, be an invasion of privacy and make the apartments cold and moist. My apartment has much light. The additional building work will reduce this completely. I strongly object.

3) Process for application.

I understand that the application process should follow the correct and proper process. I do not believe that this has been adhered to. In September 2015 a workman visited 32 Gloucester Street. At the time only the tenant in 32A was at home. The workman informed him that he was from the hotel and wanted to know more information on who was living in the apartments. Nothing more was disclosed. Soon after I received a letter from Mr Scudmore (solicitors of the Double Tree hotel) stating that I had been informed of the plans. This was untrue. I have communicated with them via email and repeatedly asked for more information. They have failed to communicate. I can share the email with you if you need. Please do not let this happen. I will take legal action if necessary. Paul
