2016/1018/T	Jean-Baptiste Rancon	22 Belsize Park Gardens	05/03/2016 10:18:40	COMMNT	<p>I generally oppose tree removal in the area. I am alarmed at the rate at which trees have been removed in recent years.</p> <p>In this instance, I notice that nothing in the reports indicate that removal of the tree will suffice to cure subsidence.</p> <p>At a minimum, I would like planning consent to be granted only on the condition that a replacement tree has been defined and agreed to be planted by a certain date. I have indeed noticed that there were numerous applications for tree removal that had been granted on the basis a replacement tree would be planted, but then the replacement tree is not planted and the council doesn't seem to impose any fines or indeed to monitor the planting of a replacement tree once planning consent is given.</p> <p>Regards.</p>
