2015/6843/P	Tim Reed	85 Fitzjohns Avenue	04/03/2016 09:10:14	COMMEM AIL	<p>This is an already densely populated area.</p> <p>It is a conservation area that has valued and important wild life, trees and plants that are essential to the quality of the environment.</p> <p>Huge disturbances are already being made by the wasteful demolition of 79 Fitzjohns Avenue.</p> <p>There is insufficient parking for more residents.</p> <p>The ecological impact of this development is insupportable.</p>
