2015/7070/P	Susan Marin	13g Grafton mews	04/03/2016 13:02:32	OBJNOT	We are unclear why this application has been made. As far as it seems the construction work has been completed and only final interior work is being completed at this time which suggests that these variations have been made prior to the application being approved? However, if further construction work is required to make these alterations I oppose the application, this site has been on-going for over 3 years and has caused the residents of No. 13 Grafton Mews huge amount of disruption: noise and dirt, working at weekends etc. The site has continued to be run in a very unprofessional way (see complaints made to Camden Planning) and generally to the Warren Street end of the Mews.
