Your comments on the planning application

Quite simply, if the proposed planning consent is granted, it will have a catastrophic effect on both AIR Lyndhurst Studios, as well as the musicians, producers and other organisations that go there to produce music. In particular, film and record companies will have no alternative but to take their business elsewhere. Traditionally, this means that the business will never return. The detrimental effect on the musicians that rely on working at AIR Studios, as well as the studio itself (and its staff) will be disastrous and must not be underestimated. I implore you to reject this application!
