Your comments on the planning application

The proposed works at 11 Rossllyn Hill would be a disaster for musicians and all the organisations they associate with in London. I have 30 years experience recording at Air studios. I have appeared on numerous scores including Star Wars , Harry Potter, Braveheart .
If this facility is out of use for any period of time it will have a very serious impact on musical working life in London and all the organisations which depend on its availability to record in an appropriate noise free environment. Musicians in London are paid for the work they do. The exchequer will also lose substantial amounts in tax revenue.
