The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: LGB-001, -002b, -003b, -004d, -005b, -006, -007b, -008, 009a, -010, 011b, -012a, -013a, -015, and -016, Design and Access Statement and Heritage Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 The proposals involve alterations at basement level, adding a roof over part of the existing front lightwell and reusing three existing internal doors in creating new openings located at basement level. The alterations would not harm the external appearance of the building and would not detract from the character and appearance of the streetscene or surrounding conservation area.

The proposals would be below an existing parapet and would not have any impact on the amenity of nearby occupiers.

No objections were received prior to making this decision. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 and 72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of The London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, and 56 -66 and 126-141 of the National Planning Policy Framework.
