2015/7138/P	Jonathan Reed-Lethbridge	43 Murray Mews Camden NW1 9RH	07/03/2016 10:44:59	OBJ	Dear Sirs I own the house oposite where this residential extension is proposed. At an earlier date I mailed in comments. I would now like to add that I have considered this further, and I believe these proposals are inappropriate to the mews, the height at the front will be too much and will deny our house a significant amount of light. I therefore object to the scale of the proposals.
