2016/0347/P	Aoife O'Sullivan	Flat1 Devon House 20 Fortess Road Kentish Town NW5 2EY	07/03/2016 20:30:07 INT		I strongly oppose this planning development application as it contravenes the ACV conditions. I have lived in the area for over ten years (in Kentish Town) and The Black Cap has been a place of great importance for me and for other LGBT people living in North London. As a local, gay woman it provided a safe space for me. From my involvement in the campaign to reopen the venue I have heard from many vulnerable LGBT people who are desperately lost and lonely without this crucial space. The ACV rightfully recognised the special place that The Black Cap occupies in both the Camden Town and LGBT communities. Ruth & Robinson are going against both the conditions and spirit of the ACV by seeking to change the use, the name and indeed the whole character of The Black Cap.
