Your comments on the planning application

This planning application requests permission for building work which would result in Air Studios no longer being able to function as a recording studio.

Air Studios is a world famous recording venue and employs hundreds of people. Composers, film companies and recording artists from all sides of the entertainment business come to record at Air. If the facility becomes unavailable clients will go elsewhere [i.e. abroad] and the likelihood is that they will not return.

This planning application could have a dramatic and adverse effect on the livelihoods of many people.
