2016/0773/P	Mrs Harriet Tupper	Flat D 6 Orde Hall Street London WC1N 3JW	09/03/2016 14:49:19	COMMNT	How long will this project take? How much disruption will there be to residents? How much noise and dirt? How often will the street be blocked and how often will parking bays (respark) be suspended? While I recognise the need for this accommodation, I am seriously concerned about how much mess and for how long, the residents will have to endure. I wish to lodge an objection based on the view that it will take a long time, and whatever time it takes will be longer than scheduled, there will be nowhere to park, it will be noisy and dirty.
