I refer to my telephone call when I told you that no notice has been put up in the street outside 24 Redington Gardens regarding the planning application 2016/1015/P.

We have now discovered the notice has been put up outside no 24 Redington ROAD instead.

Please arrange as a matter of urgency for this to be put up outside 24 Redington GARDENS and confirm the time for comments

will run from the date this is done. This is especially important as very few of our neighbours have been notified by letter.

Please also amend the misleading description of the development, as TWO STOREYS is clearly wrong.

Regards

Elizabeth Beckman
