Dear Darlene Dike,
I am enclosing Steven Appleby's letter to you. It was sent back to him as he seems to have another email address for you. He has asked me to mail it on to you as he failed a few times.
Could you please confirm receipt.
Thank you so much,
Kind regards,
Viviana Fain-Binda

Dear Ms Dike

Re: Planning Application ref: 2015/6629/P

I have returned to the UK in the last few days and I was dismayed to find the planning application regarding 18 Parsifal Road. **This work has already been carried out to the property.**

I object to this planning application on the grounds that it has nothing to do with the Conservation Area Guidelines that Parsifal Road is part of. The loss of flora and fauna will greatly affect the beauty of this lovely road.

Work has been going on for months to this property without any consultation to the other residents in the road and the effect it has had on their properties. It is all too common for house owners to do the work and then, when challenged, to go for planning permission. Planning Control must have a much stricter policy regarding works already carried out before permission is sought.

Thank you for your attention to this matter.

Yours sincerely

Steven Appleby
