Your comments on the planning application

My objection to this application is on the grounds that the noise from the works will result in the prolonged closure of Air Lyndhurst recording studios which is situated next door to 11, Rosslyn Hill. This would in all likelihood mean the studio would be unable to recover from the loss. The studio is absolutely dependent on a quiet, vibration free environment to be able to function. I am a professional musician who regularly works in the studio and as such my livelihood and the livelihoods of many musicians, technicians and people in the music and film production industry would be adversely affected by the granting of

permission for these works. This unique studio is one of the best in the world and as a result is the venue for many, many recording sessions for film and T.V. from all over the world. As such it is a huge contributor to the economy of this country. It is also an important cultural asset. I ask you to reject the application.
