Your comments on the planning application

I depend for my living to a considerable extent on the use of the recording studio Air Lyndhurst.
This application would damage the effectiveness of that studio and that would have considerable long term effects for this part of the music business. It is already a very competitive and challenging market and the work we do in Air Lyndhurst is of such quality that we are given contracts that would usually stay in the USA.
Many orchestras and singers will suffer if this application goes through. Please reject it.
